Il simbolo UVR attesta che la pianta resiste efficacemente ai raggi ultravioletti, garantendo una protezione contro il deterioramento causato dall'esposizione al sole. Questo simbolo NON implica una resistenza a fenomeni atmosferici estremi, come vento forte, grandine e tempeste.
La durata della resistenza ai raggi UV può risultare ridotta se la pianta viene collocata in prossimità di vetrate o finestre, oppure in ambienti dove i riflessi dei vetri amplificano gli effetti dell'esposizione solare.

The UVR symbol certifies that the plant effectively resists ultraviolet rays, providing protection against deterioration caused by sun exposure. This symbol does NOT imply resistance to extreme weather conditions, such as strong winds, hail, and storms.
The duration of UV resistance may be reduced if the plant is placed near glass surfaces or windows, or in environments where glass reflections amplify the effects of sun exposure.

Il simbolo FR attesta che la pianta è conforme agli standard europei
EN 13823:2020+A1:2022 ed EN ISO 11925-2:2020
Richiedi il certificato di classificazione di reazione al fuoco del prodotto scelto.

The FR symbol certifies that the plant complies with European standards

ART COLLECTION

La GoldEvent Art Collection è una celebrazione della luce e dell'eleganza. Le chiome dorate delle piante seminaturali catturano lo sguardo e riflettono una bellezza preziosa e senza tempo. Una collezione nata per sorprendere, dove l'arte decorativa incontra l'essenza dell'oro.

The GoldEvent Art Collection is a celebration of light and elegance. The golden foliage of these semi-natural plants draws the eye and reflects a timeless, precious beauty. A collection born to enchant – where decorative art meets the essence of gold.

CI VIENE NATURALE IMITARE LA PERFEZIONE.

La natura è perfetta: crea atmosfere rilassanti e ambienti che rendono piacevole anche un'occupazione impegnativa. Con i suoi colori mette allegria e dona vitalità.

In VERDEVIP® riproduciamo le forme di questa perfezione, per dare la possibilità di provare queste sensazioni anche laddove la cura necessaria non è possibile.

In un ufficio, in un centro commerciale, in un negozio, in uno studio professionale, talvolta anche in casa, sarebbe davvero complesso allestire un arredo naturale al 100%: la manutenzione e la pulizia sarebbero eccessivamente impegnative.

VERDEVIP® ti offre la soluzione per arredare in forme naturali le stanze di casa, il tuo angolo di lavoro, il tuo negozio, il tuo spazio di accoglienza, il tuo ambiente professionale con soluzioni curate nel minimo dettaglio per farti apprezzare l'esperienza visiva naturale con la stessa varietà e inventiva che la natura ci offre.

Lo Staff di VERDEVIP®

WE HAVE ALWAYS SUCCEEDED IN IMITATING PERFECTION

We have always succeeded in imitating perfection.

Nature is perfect. It creates relaxing atmospheres and environments which make even the most demanding occupation become pleasant. With its colours it cheers up and gives vitality.

VERDEVIP® can successfully reproduce the forms of this perfection and gives the chance to experience these feelings even where the necessary care is not possible. In an office, in a mall, in a shop, in a professional studio, sometimes also in the house, it would be complicated to set up 100% natural furniture. Maintenance and cleaning would be excessively demanding.

VERDEVIP® gives you the solution to furnish natural forms in the rooms of your house, in your working spot, in your store, in your reception area, in your professional environment offering a range of solutions treated in detail which will make you appreciate the natural visual experience displaying the same variety and inventiveness that nature offers us.
